

Premium High Discharge Jump Starter Power Bank with Emergency Torch

High Capacity

Over Current Protection

LED Indicator

Short Circuit Protection

On the Go

SOS Signal Function

13500mAh

Patrol is an innovative and a powerful device that combines three different products, a battery pack, car jump-starter and an LED Flashlight altogether in one compact design. Patrol can be a great companion on long drives, extended flights and long business meetings. If your car won't start, don't call a tow truck service or wait on the side of the road for help. Simply take your Patrol with the jumper cables and connect the clamps to your car battery and start it in a matter of seconds. Jump-start your car battery upto 20 times on a full charge. The ultra-bright LED flash light will help you in the dark, and most importantly an SOS signal flash that will last up to 120 hrs. for when you're outdoors and in need of emergency help. With Patrol, convenience is at its best.

Specifications:

- Capacity: 13500mAh
- Battery Type: Li-Polymer
- Input: DC 19V-24V
- Output: DC 12V for Car
DC 19V/3A for Laptop
DC5V/2.1A for USB
- Start Current: 150A
- Peak Current: 200A
