Simultaneous Charging

Terminal, an ultra-fast charging station with 6 USB Ports and a Universal Power Socket is all you need. Plug into any wall outlet and charge up to 6 USB devices simultaneously and replace up to 6 separate charging outlets with this simple device. All your devices can fit in the external stand provided, without removing their cases. The external power socket comes with a stable power supply and its smart circuit design protects against over-heating, over voltage, over current and short-circuit protection. Terminal is a one-stop solution for all your power needs.

Specifications:

- Input: 100-240V ~ 1.3A 50-60Hz
- Output: DC 5V 2.1A x 2
DC 5V 2.4A x 4
- Power Socket Output: DC 5V/ 14A
- Input Interface: AC Plug
- Output Interface: 6 USB Charging Ports
- Universal Power Socket
